

Before K-love arrived in Fairbanks, AK. There wasn't much to choose from for positive, family listening. This station has been a blessing to many in the community. You can see K-Love's bumper stickers all over the place. They provide good family programming and music that uplifts your heart and I've heard people humming their songs that you wouldn't think you would hear it from. Taking off K-Love's signal from our city would be removing an uplifting station that make the heart want to do the right thing. Don't give LPFM priority over K-Love. Let we the listeners decide what we like and not the government. K-Love is listener supported and by it being here, it tells me a lot of people contribute from my community to keep them on the air here in Fairbanks.
